

A festive Christmas scene set against a rustic wooden plank background. At the top, a garland of evergreen branches is adorned with warm white lights and golden baubles. On the left, a small, lit tree made of sticks and branches is decorated with warm white lights and a silver star. In the center, a white, ornate lantern with a glass panel and a black handle sits on a bed of white snow. To the right of the lantern, a gingerbread man cookie stands on the snow. Further right, a lit red candle in a decorative holder, a lit red candle, and a smaller lit red candle are placed on the snow. On the far right, a white silhouette of a Christmas tree stands on the snow. In the bottom left corner, two wrapped gifts are visible: one in red paper and one in white paper with a red ribbon and snowflake pattern. The entire scene is set on a bed of white snow with soft, out-of-focus light spots scattered throughout.
